SECTION I: GENERAL INFORMATION

A. INTRODUCTION

The FY05 Urban Areas Security Initiative (UASI) Nonprofit Allocation (NPA) provides financial assistance to address the unique planning, equipment, training, and exercise needs of large urban areas, and to assist them in building an enhanced and sustainable capacity to prevent, respond to, and recover from threats or acts of terrorism.

The intent of the UASI program is to create a sustainable national model program to enhance security and overall preparedness to prevent, respond to, and recover from acts of terrorism. States must ensure that the identified urban areas take an inclusive regional approach to the development and implementation of the FY05 UASI Program and involve core cities, core counties, contiguous jurisdictions, mutual aid partners, port authorities, rail and transit authorities, state agencies, Citizen Corps Council(s), and MMRS steering committees.

The purpose of this Request for Funding Allocation (RFA) is to solicit applications from specific high-threat, high-density urban areas for UASI subgrants to 501(c)(3) nonprofit organizations determined to be at risk of terrorist attack. Grant funding may only be used for target hardening, which includes the acquisition and installation of security equipment in real property (including buildings and improvements) owned or leased by an eligible nonprofit organization, specifically in response to a risk of terrorist attack.

B. GRANTING OFFICE

The FY 2005 UASI NPA for the NCR is distributed, managed and monitored by the State Administrative Agent (SAA) for the District of Columbia, more specifically, the Office of the Deputy Mayor for Public Safety and Justice.

C. ELIGIBILITY

Eligible applicants are limited to nonprofit organizations having current IRS approval as a IRC Section 501 (c) (3) tax-exempt status organization and located within the National Capital Region, defined as the District of Columbia; counties of Montgomery and Prince George's (MD¹); counties of Arlington, Fairfax, Prince William and Loudon (VA); Cities of Falls Church, Manassas, Manassas Park, Fairfax and Alexandria (VA). Religious institutions that are entitled to tax exempt status under 501(c)(3) must make a statement to that effect as part of their grant application.

The Homeland Security Act of 2002 references the National Capital Region as defined by Title 10, United States Code, Section 2674 (f)(2) which provides the following definition:

¹ Maryland organizations must show proof that their organization has registered with the Office of the Secretary of State or show proof of exempt status.

The term "National Capital Region" means the geographic area located within the boundaries of (A) the District of Columbia, (B) Montgomery and Prince Georges Counties in the State of Maryland, (C) Arlington, Fairfax, Loudoun, and Prince William Counties and the City of Alexandria in the Commonwealth of Virginia, and (D) all cities and other units of government within the geographic areas of such District, Counties, and City.

J. APPLICATION REVIEW AND FUNDING ALLOCATIONS

When the application is received, grant administration staff will verify that all required materials have been included and placed in the proper order. No late or additional submissions of information will be accepted. Applications that are not complete will be considered non-responsive. After applications are checked for completion, they will be forwarded to the Chief Administrative Officers (CAO) committee at MWCOCG and the National Capital Region Senior Policy Group (SPG) to determine what projects will be funded and at what funding level. These decisions are based on individual scoring of applications and take into consideration:

- Threats from U.S. Department of State designated international terrorist organizations (<http://www.state.gov/s/ct/rls/fs/2004/37191.htm>) against any group of United States citizens who operate or are the principal beneficiaries or users of the nonprofit organization
- Prior attacks, within or outside the United States, by international terrorist organizations against the nonprofit organization or entities associated with or similarly situated as the nonprofit organization

- Symbolic value of the site(s) as a highly recognized national cultural or historical institution that renders the site a possible target of international terrorism
- The role of the nonprofit organization in responding to international terrorist attacks
- Previously conducted threat and/or vulnerability assessments
- Increased threats to specific sectors and/or areas
- Other factors as described below.

Listed below are the multi-tiered criteria that the evaluation panel will use to evaluate each application and to determine grant awards. The evaluation panel will review two levels of criteria as follows:

Tier 1 Criteria:

Tier 1 criteria is rated either yes or no. If any of the answers are “no”, the application will be immediately disqualified without further review and consideration for an award.

1. Was the application submitted on time?
2. Is the application complete?
3. Does the applicant organization currently have IRS 501 (c) (3) tax-exempt status? If a religious institution that is entitled to tax exempt status under 501(c)(3), is there a statement to that effect as part of the grant application?
4. Is the proposed project site or facility located within the National Capital Region?
5. Is the organization registered with the Office of the Secretary of State or has demonstrated its exempt status? **MARYLAND ORGANIZATIONS ONLY.**

Tier 2 Criteria:

Each application passing Tier 1 review will be read, reviewed and rated by an evaluation panel using the criteria specified below. At least one committee member from Maryland, Virginia and the District of Columbia will be a part of the evaluation panel. Scores per criteria will be totaled to establish a ranked list of eligible applicants for consideration of awards. Information included in applications may be substantiated using other reliable means.

Tier 2 Evaluation Criteria	Point Score Range

AUTHORIZED PROGRAM EXPENDITURES:

Grant funding may only be used for **target hardening of real property** owned or leased by an eligible nonprofit organization, specifically in response to a risk of terrorist attack.

Target hardening of real property against a terrorist attack generally includes security enhancements that serve to prevent a terrorist attack, detect, deter or delay the execution of a terrorist attack, or mitigate the effects of a terrorist attack. The enhancements may include measures to:

- Strengthen the physical security of a site;
- Strengthen defenses of a site to deter a terrorist attack and/or delay an attacker;
- Reduce the opportunity for a successful terrorist attack; or
- Protect a structure and its occupants from the effects of a terrorist attack through physical means to control the extent and consequences of damage.

This equipment is limited to items on the “Allowable Equipment Costs” list set forth in the UASI AEL, with an emphasis on Physical Security Enhancement Equipment. Allowable equipment does not include enhancements that would otherwise have been reasonably necessary due to nonterrorist threats. The AEL can be found online through the Responders Knowledge Base at <http://www1.rkb.mipt.org>.
